Re: Principal Report October, 2016

Homedale Board of Trustees,

The High School is closing in on the end of the first quarter. We had great attendance at our parent teacher conferences on September 26th. Each of our classes had over 30% of the parents attend with the freshman having 45% of their parents attend. MAP testing went pretty smooth for the first time testing. We are excited about being able to sit down and go over the data with our Math and English teachers to help guide our instruction.
