The workshop on March 5 was a success and will act toward the Board's re-application for the Governance Recognition next year. Board Self Evaluation will be scheduled for next spring and the process will be complete. A policy review schedule will be developed and shared in the coming weeks to forecast the necessary review of policies as required.

Board Union Meeting

On Monday, March 18, Mr. Moreth and I met with Ms. Denning to review work that had been part of these meetings earlier in the year. I will summarize the work discussed at the meeting.

Community Coffees

Two community coffees have been successfully implemented since February. 3 parents came to the first event and 5 parents came to the most recent event on March 16. Mr. Boebel was at the first coffee and Mrs. Wojcicki was present on the 16th. Issues related to calendar, standards based grading and reporting, homework, anchor charts, and assessment were among the topics brought to me at these events. The final coffee is scheduled for Saturday, April 13 at Erickson Elementary at 8:00 a.m. until 9:30 a.m.

Parent University Security & Threat Awareness

This past Thursday, another Parent University was delivered at Erickson Elementary School focused on safety and threat awareness. I will summarize the presentation and attendance at this event for the Board at the meeting.
