Background Information

To meet budget reconciliation targets and address needs expressed by elementary building leaders, the following plan is recommended:

- Restore three elementary general education assistant positions
- Further reduce the number of permanent substitutes from 8 to 4 (instead of 8 to 6).
- Do not hire current vacant custodial position and three general education assistant positions
- If necessary to meet budget reconciliation targets, reduce the number of general education assistants through attrition.

Recommendation

I move to restore three elementary general education assistant positions and eliminate two additional permanent substitutes for the 2021-22 school year.
