Re: Approve Elevator Emergency Phone Service Subscription

Recommendation:

It is the recommendation of the Superintendent to approve the subscription to Kings III for elevator emergency phone service at a monthly cost of \$99.82..

Background Information:

Over the past year we have been having issues with our emergency phones on the elevators, requiring frequent resetting and an occasional police visit when the phone misdials. As such, we have explored solutions to ensure access and communications as required by law in the event of an emergency. The solutions available when the elevator was installed no longer exist as these companies have moved to cellular connections. After taking quotes, Kings III was identified as the lowest cost vendor to provide this service for our 2 elevators.
