To: Facilities, Capital & Strategic Planning Committee

From: Erik Smith, Undersheriff

Ref: New Jail Roof-Snow/Ice

At a prior Committee meeting, I brought attention to the on-going snow/ice issue above two doorways at the new jail. During that meeting, it was further discussed that we should look into different options and possibly have additional overhangs or roof lines built over the doorways.

I recently received a \$3,000 quote from Story Roofing, who installed the current duralast rubber membrane roof. They are proposing two strips of "snow fence", which would attach to the rubber membrane and guide snow/ice away from the walkways. This product **would not void** the current roof warranty. Please see attached estimate.

This is again coming before you because this seems like a less costly solution than building overhangs. I recommend going forward with this product and see if the issue is corrected next winter. If we are still having issues, we could take the more costly route and build additional overhangs above the walkways.

Respectfully,

A handwritten signature in black ink, appearing to read "Erik Smith".
