Re: 2018-19 Financial Statements

The external audit of the district's accounting records for the 2018-19 school year has been completed. I would like to review highlights from our 2018-2019 financial statements at the Board of Education Finance Committee meeting on Monday, October 14, 2019

I will bring a hard copy of the financial statements to the meeting, go over some of the highlights and answer questions the Board may have. Representatives from the school district's auditing firm, Plante Moran, will be in attendance to discuss the financial statements in detail. Please contact me if you have any questions.

Attached are some highlights from the financial statements that will be reviewed with the Board on Monday.
