Three Rivers School District
Quality Education Runs Deep

SCHOOL BOARD MEETING REPORT

Board Meeting Date: January 18, 2023   **Superintendent:** Dave Valenzuela

Administrator/Staff: Rob Saunders

Type of Item: [x] *Informational*   [ ] *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

Understand the Cybersecurity measures that have been implemented in the Three Rivers School District. Also understand our current cybersecurity network health index.

Provide history/background information on your proposal:

Cybersecurity has been a priority for Three Rivers School District. In 2020 the Three Rivers School District Tech department drafted a cybersecurity response plan. Since then, we have continued to implement measures to minimize risk to our systems. We have implemented all measures recommended by our cybersecurity insurance provider. In addition, we have recently implemented a new tool to enhance our cybersecurity presence called Adlmin. This tool has been intrumental in identification of potential risks and then allowing us to mitigate those risks.

List the advantages of your proposal:

Cybersecurity measures are a necessary part of the current landscape in informational technology.

List possible disadvantages of your proposal:

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

Adlumin is a regionaly accepted solution for enhanced cybersecurity protection. This solution was vetted by the ESD and adopted by most school districts in our region.

Superintendent's recommendation(s):   **Approve:**   Yes [ ]   No [ ]
