What is the mission of the non-profit/community organization?

To help needy families with children during Christmas by providing gifts and generous food boxes.

What service(s) does the non-profit/community organization provide?

With the help of other churches and business, we provide Christmas gifts - clothing and toys and large boxes of food for the Christmas holiday.

Please describe the volunteer activities students will participate in at the non-profit/community organization and how those activities may connect to curriculum learning goals. (See the Act 648 Implementation Guide.)

We need strong young men to carry food boxes and gifts for us the day the families come to pick up their gifts. This would be a great lesson on compassion, being generous with our time and helping those who are less fortunate than we are.

What are the procedures and policies in place to ensure the safety of student volunteers?

All the work takes place at our church. We have many Methodist men and business men who volunteer present.

List any special considerations of the non-profit/community organization.
