Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

This Board Report is requesting approval of the Integrated Grant Application for Three Rivers School District, including Woodland Charter School and Southern Oregon Success Academy. The Integrated Grant Application includes narrative essays, 2023-2024 and 2024-2025 budgets for TRSD and each charter school, and artifacts from community engagement. As required by the Oregon Department of Education, this application is brought to the board for approval as an action item along with the opportunity for public feedback during the "Public Comment" section of the meeting. The entire application can be found at this [link](#).

Provide history/background information on your proposal:

The Integrated Grant was an attempt by the Oregon Department of Education to combine six programs (grants) into one singular application and reporting system. The six grants include: Student Investment Account, High School Success, Continuous Improvement Planning, Career and Technical Education (Perkins), Every Day Matters, and Early Indicator and Intervention Systems. The district only receives fund for Student Investment Account, Perkins, Early Indicator and Intervention Systems, and High School Success. The grant application is for the upcoming biennium (2023-2025). TRSD and the charter school engaged in extensive community engagement to hear from all stakeholders what is working well in the district, what we can do to help their child succeed, and prioritized list of activities and classes they want to continue or add. We were intentional to have open conversations with parents and focal student groups representing subpopulations that have historically been underrepresented. These conversations were powerful and we are thankful to those who participated for their honest feedback. The budget reflects current

List the advantages of your proposal:

The Integrated Grant requires the board to review the application and provide for public comment on the various components. Once approved by the board, the documents and information will be submitted to ODE by March 27, 2023. Staff and activities already funded by these grants are included in the next biennium and we hope to continue it with approval by the board.

List possible disadvantages of your proposal:

If the grant application is not approved or submitted, significant funds will not be available to TRSD and the two charter schools.
