Subject: Boundary Change on Sprinkle Rd

Currently, all addresses on the West side of Sprinkle Road from East V Ave to East TU Ave are in the Sunset Lake Elementary attendance area. I would like to change this to the Indian Lake Elementary attendance area.

I am proposing this change because our Sunset Lake bus only goes North on this section of road. That means any students who attend Sunset Elementary must cross to board the bus. On the other hand, our Indian Lake Elementary bus goes south through that area making it possible to pick up door side. I am not suggesting that we move current Sunset Elementary Students to Indian Lake (we have one). I am proposing this because we have worked diligently to eliminate crossing elementary students on Sprinkle Road as a safety precaution. Our current student will be a fifth grader next year; after that, we will have no elementary students crossing Sprinkle Road.
