

Dear Board of Education,

We really want swings on the Irving

school playground. Here are some good

reasons why. First, we have a lot

of space. There is a very good spot

for them where the library is right there

Second, outside is kind of boring,

that's why I want swings. It

would give kids something to do. Third,

I think kids would like swings.

We would probably have more fun

than just sitting around. All of the schools

I have ever visited have always had

swings. I think Irving kids need swings.

too. Although I wrote  
this letter, my classmates agree  
with me.

Thank you, Ayden Santana
