# Sale Day Report – April 23, 2018

Independent School District No. 877 (Buffalo-Hanover-Montrose), Minnesota  
 \$5,710,000 General Obligation School Building Refunding Bonds, Series 2018A

**Purpose:** To finance a current refunding of the 2019 - 2022 maturities of the District's \$20,400,000 General Obligation School Building Refunding Bonds, Series 2008A

**Rating:** Credit Enhanced Rating: Moody's Investor's Service "Aa2" Underlying Rating: Moody's Investor's Service "Aa2"

**Number of Bids:** 9

**Low Bidder:** Fifth Third Securities, Inc., Cincinnati, Ohio

<b>Comparison from Lowest to Highest Bid: (TIC as bid)</b>	<b>Low Bid</b>	<b>High Bid</b>	<b>Interest Difference</b>
	2.1033%*	2.2957%	\$14,411

Summary of Results:	Results of Sale
Principal Amount*:	\$5,710,000
Underwriter's Discount:	\$12,926
Reoffering Premium:	\$318,531
True Interest Cost*:	2.1035%
Costs of Issuance:	\$47,426
Yield:	1.80% -2.12%
Future Value Savings:	\$256,942
Present Value Savings:	\$240,483
Savings Percentage:	3.837%
Total Net P&I	\$6,250,114

\* The winning bidder submitted a bid with a premium price (a price greater than the par amount of the bonds) that was larger than the estimate in the Pre-Sale Report. The premium will be used to partially finance the prepayment of the 2008A Bonds, so the principal amount of the bonds was decreased from \$5,925,000 (in the Pre-Sale Report and the Preliminary Official Statement) to \$5,710,000, which also caused a slight change to the True Interest Cost.

**Notes:** The actual true interest cost of 2.10% is lower than the estimate of 2.17% in the Pre-Sale Report provided to the School Board on March 26<sup>th</sup>. As a result, the total savings increased by approximately \$13,000, from \$244,244 in the Pre-Sale Report, to \$256,942. This will result in an average annual reduction in debt service levies of approximately \$88,000 per year for taxes payable in 2019 through 2021.

**Closing Date:** May 17, 2018

**School Board Action:** Adopt the resolution awarding the sale of \$5,710,000 General Obligation School Building Refunding Bonds, Series 2018A.

**Rating Action: Moody's assigns Aa2 to Buffalo-Hanover-Montrose ISD 877, MN's GO bonds**

---

Global Credit Research - 19 Apr 2018

New York, April 19, 2018 -- Moody's Investors Service has assigned a Aa2 underlying rating and a Aa2 enhanced rating to the Buffalo-Hanover-Montrose ISD No. 877, MN's \$5.9 million General Obligation School Building Refunding Bonds, Series 2018A. Moody's affirmed an Aa2 underlying rating on the district's outstanding general obligation unlimited tax (GOULT) debt. Inclusive of the current offering, the district will have \$68.2 million of GOULT debt outstanding.

**RATINGS RATIONALE**

The Aa2 rating reflects the district's sizable tax base located in the outer suburbs of the Twin Cities, healthy fund balance and liquidity despite slightly declining enrollment trend and above average debt burden.

The Aa2 enhanced rating reflects the additional security provided by the State of Minnesota's School District Enhancement Program (MSDE). The programmatic rating is notched once from the State of Minnesota's Aa1 rating to reflect sound program mechanics and the State of Minnesota's pledge of an unlimited appropriation from its general fund should the district be unable to meet debt service requirements. The program's mechanics include a provision for third party notification of pending deficiency. If the school district does not transfer funds necessary to pay debt to the paying agent at least three days prior to the payment due date, the state will appropriate the payment to the paying agent directly. The outlook on the state's general obligation debt is stable.

**RATING OUTLOOK**

Outlooks are generally not assigned to underlying ratings of local government credits with this amount of debt. That stable outlook on the enhanced rating is based upon the stable outlook assigned to the State of Minnesota's GO rating.

**FACTORS THAT COULD LEAD TO AN UPGRADE**

- Increase in reserves and/or liquidity
- Moderation of debt and pension burden
- Upward movement in the state of Minnesota's GO rating (enhanced)

**FACTORS THAT COULD LEAD TO A DOWNGRADE**

- Narrowing of operating fund reserves and/or liquidity
- Growth in the district's debt or pension burden
- Downward movement in the state of Minnesota's GO rating (enhanced)
- Weakening of the MSDE program mechanics (enhanced)

**LEGAL SECURITY**

The district's general obligation unlimited tax (GOULT) debt, including the Series 2018A bonds, is secured by the district's unlimited tax GOULT pledge, which is unlimited as to rate or amount. The security benefits from a statutory lien, but there is no lockbox structure.

The Series 2018A bonds are additionally secured by the State of Minnesota's School District Credit Enhancement Program (MSDE) which provides for an unlimited advance from the state's General Fund should the district be unable to meet debt service requirements.

## USE OF PROCEEDS

Proceeds will refund the district's outstanding General Obligation School Building Refunding Bonds, Series 2008A.

## PROFILE

Buffalo-Hanover-Montrose Independent School District 877 is located approximately 35 miles northwest of the Minneapolis (Aa1 negative) - St. Paul (Aa1 negative) metropolitan area. The district encompasses 157 square miles and serves a resident population of about 33,000. The district provides education for 5,672 students in grades kindergarten through twelve.

## METHODOLOGY

The principal methodology used in the underlying ratings was US Local Government General Obligation Debt published in December 2016. The principal methodology used in the enhanced rating was State Aid Intercept Programs and Financings published in December 2017. Please see the Rating Methodologies page on [www.moodys.com](http://www.moodys.com) for a copy of these methodologies.

## REGULATORY DISCLOSURES

For ratings issued on a program, series or category/class of debt, this announcement provides certain regulatory disclosures in relation to each rating of a subsequently issued bond or note of the same series or category/class of debt or pursuant to a program for which the ratings are derived exclusively from existing ratings in accordance with Moody's rating practices. For ratings issued on a support provider, this announcement provides certain regulatory disclosures in relation to the credit rating action on the support provider and in relation to each particular credit rating action for securities that derive their credit ratings from the support provider's credit rating. For provisional ratings, this announcement provides certain regulatory disclosures in relation to the provisional rating assigned, and in relation to a definitive rating that may be assigned subsequent to the final issuance of the debt, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive rating in a manner that would have affected the rating. For further information please see the ratings tab on the issuer/entity page for the respective issuer on [www.moodys.com](http://www.moodys.com).

Regulatory disclosures contained in this press release apply to the credit rating and, if applicable, the related rating outlook or rating review.

Please see [www.moodys.com](http://www.moodys.com) for any updates on changes to the lead rating analyst and to the Moody's legal entity that has issued the rating.

Please see the ratings tab on the issuer/entity page on [www.moodys.com](http://www.moodys.com) for additional regulatory disclosures for each credit rating.

## Update to credit analysis

### Summary

Buffalo-Hanover-Montrose ISD 877, MN's (Aa2) credit profile benefits from sizable tax base with multi-year valuation increases near the Minneapolis (Aa1 negative) – St. Paul (Aa1 negative) metropolitan area. The district's healthy fund balance and liquidity may erode slightly as the district restores programming and smaller class sizes, but officials have the ability to go to voters for an operating referendum to restore operational balances. The district's primary credit challenge is elevated debt and pension burdens.

### Credit strengths

- » Sizable tax base with multi-year valuation increases near the Twin Cities metro area
- » Healthy reserves and liquidity

### Credit challenges

- » Long-term trend of declining enrollment
- » Elevated debt and pension burden

### Rating outlook

Outlooks are generally not assigned to underlying ratings of local government credits with this amount of debt. The stable outlook on the enhanced rating is based upon the stable outlook assigned to the State of Minnesota's GO rating.

### Factors that could lead to an upgrade

- » Increase in reserves and/or liquidity
- » Moderation of debt and pension burden

### Factors that could lead to a downgrade

- » Narrowing of operating fund reserves and/or liquidity
- » Growth in the district's debt or pension burden

## Profile

Buffalo-Hanover-Montrose Independent School District 877 is located approximately 35 miles northwest of the Minneapolis – St. Paul metropolitan area. The district encompasses 157 square miles and serves a resident population of about 33,000. The district provides education for 5,672 students in grades kindergarten through twelve.

## Detailed credit considerations

### Economy and Tax Base: sizable tax base west of the Twin Cities expected to remain stable

The district's sizable tax base will likely remain a credit strength given its favorable location in the greater Twin Cities metropolitan area. Located predominantly in Wright County approximately 35 miles west of the Twin Cities, the district encompasses 157 square miles and serves all or portions of the cities of Buffalo, Hanover (Aa3) and Montrose. The district is predominantly residential (63% of net tax capacity) and has moderately-sized commercial/industrial (13%) and agricultural (9%) sectors. After three years of declines between 5% and 9%, the district has seen four years of growth increasing the estimated market value in 2016 \$3.5 billion, above the previous 2009 high of \$3.3 billion.

The district's unemployment rate of 3.5% is on par with the state (3.3%), but lower than the national (3.9%) rate. The resident median family income is strong at 108% of the state median and 127% of the national median.

### Financial Operations and Reserves: healthy financial profile; slightly declining enrollment

The district's financial position might erode slightly over the next two years as the district adds services. The district closed fiscal 2017 with a General Fund operating deficit of \$426,000 due to a planned spend down to increase teaching staff and programming, which were scaled back in previous years. Despite the draws, the General Fund available balance remained a healthy \$16 million or 25.6% of revenues. Inclusive of the debt service fund, the district's total available operating fund balance was \$17.4 million, or 24.9% of operating

fund revenue. The district budgeted for a General Fund operating deficit of \$1.7 million in fiscal 2018, but management believes that actual draw will be smaller due to conservative budgetary assumptions. Management also has the ability to go to voters to request a new operating referendum which would help bolster finances.

District management was comfortable with operating draws given the district was above its fund balance policy of maintaining 8-12% of expenditures. Should the district draw reserves down to its stated policy, its fund balance would be well below the median for its rating category. However, we do not expect the district to draw down to that level given a history of positive budgetary variances. In addition, the district can consider approaching voters for an operating referendum to increase their revenues.

State aid is the district's main revenue source at 76% of fiscal 2017 general fund revenues. As funding for Minnesota school districts is based on per pupil aid, enrollment is key to district revenues. Enrollment in the district has fallen from 5,739 in fiscal 2014 to 5,672 in fiscal 2018. The district is bordered by nine other school districts which partially facilitates the negative net open enrollment of about 536 students in the current school year. The district anticipates declines to continue, but moderate, due to an increase in outreach to families and efforts to decrease class sizes and increase programming. The current five year average annual change in enrollment is a negative 0.2%.

#### LIQUIDITY

The district's net cash position in its major operating funds was \$21.3 million, or a healthy 30.3% of operating revenues in fiscal 2017.

#### Debt and Pensions: above average debt and pension burden

The district's debt burden is above average and should moderate over time given a lack of plans for new debt and rapid amortization. The district has \$69.2 million of debt outstanding, equivalent to 1.95% of full value and 1.0x fiscal 2017 operating revenues.

The district's pension burden, related to its participation in two statewide pension plans, is elevated. Moody's three-year average ANPL (adjusted net pension liability) was equal to \$152.2 million, or 4.3% of full value and 2.2x fiscal 2017 operating revenues. Total fixed costs, inclusive of debt service, OPEB, and pension contributions were \$12 million, or 17.1% of fiscal 2017 operating revenues.

#### DEBT STRUCTURE

All of the district's debt is fixed rate with 83% of principal amortized over the next ten years.

#### DEBT-RELATED DERIVATIVES

The district is not a party to any interest rate swap agreements.

#### PENSIONS AND OPEB

The district participates in two multiple-employer cost-sharing plans, the General Employees Retirement Fund (GERF) and the Teachers Retirement Association of Minnesota (TRA). While ultimately dependent on state legislative action, pension contribution requirements will likely rise due to growing unfunded liabilities. Growing pension costs could pressure Minnesota school districts' operating budgets.

Minnesota statutes establish local government retirement contributions as a share of annual payroll. Both GERF and TRA employer contribution rates are currently set at 7.5% of payroll. Contributions to TRA in aggregate, which represents the majority of the district's pension exposure, have consistently fallen short of actuarial requirements. The TRA board recommended contribution increases for fiscal 2017, but the state legislature did not increase employer contribution rates. The district's total fiscal 2017 pension contribution was \$2.9 million, or 4.1% of operating revenue.

The district issued \$10.8 million of OPEB bonds in the 2009 school year, creating a revocable OPEB trust to pre-fund its benefit obligations. At the close of fiscal 2017, the OPEB trust had a net position of \$13.5 million.

#### Management and Governance: moderate institutional framework

Minnesota school districts have an Institutional Framework score of A, which is moderate. Institutional Framework scores measure a sector's legal ability to increase revenues and decrease expenditures. Minnesota school districts are highly dependent on state aid, averaging 70% of General Fund revenues. State aid is moderately predictable and is based on a per pupil funding formula, with some adjustments for wealth and need. Schools have moderate revenue raising ability and can increase operating levies through board and voter approval. Unpredictable revenue fluctuations tend to be moderate. Across the sector, fixed and mandated costs are generally

moderate. Minnesota has public sector unions, which can limit the ability to cut expenditures. Expenditures are highly predictable with personnel and benefits representing the largest costs.

The district utilizes the state's Long-term Facilities Maintenance program. In year one (fiscal 2017) of participating the district received \$750,000 which will increase to \$2.2 million by fiscal 2019. Per pupil revenue at the district is \$724, which includes \$424 of Local Option Revenue that does not require voter approval. The remaining \$300 is a combination of board and voter-approved referendum authority and is authorized through 2020. The referendum authority is expected to be renewed by board action this spring for another five years.
