Use of electronic mail (email) by school board members should conform to the same standards of judgment, propriety, and ethics as other forms of school board related communication. Board members shall comply with the following guidelines when using email in the conduct of board responsibilities:

1. The school board shall not use email as a substitute for deliberations at board meetings or for other communications or business properly confined to board meetings.
2. Board members should be aware that email and email attachments received or prepared for use in board business or containing information relating to board business are likely to be regarded as public records.
3. Board members should avoid reference to confidential information about employee, students, or other matters in email communications because of the risk of improper disclosure. Board members should comply with the same standards as school employees with regard to confidential information.
