

## SCHOOL BOARD MEETING REPORT

Board Meeting Date: 1/10/2018 Superintendent: Dave Valenzuela  
Administrator/Staff: Lisa Cross

Type of Item: ☐ Informational ☒ Action

**Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?**

I am requesting permission to apply for three Seismic Rehabilitation grants through the Oregon Department of Education. The grants are intended to cover the cost of rehabilitation for the main gym at all three high schools as identified in each Seismic Evaluation Report. The estimated cost of repairs for all three gyms is \$3.6 million.

**Provide history/background information on your proposal:**

Last year the district received a grant from ODE to assist with Seismic Evaluations. At that time, it was determined the facilities most in need of seismic repair were the three high school gyms. Those evaluations are required in order to apply for rehabilitation funds.

**List the advantages of your proposal:**

The repairs would address structural concerns at each of those buildings.

**List possible disadvantages of your proposal:**

If the repairs were not able to be accomplished during the summer months, it may conflict with school year activities.

**List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?**

The district could wait until a bond is passed to make the repairs, however there are many needs within the district and using grant funds to pay for these projects reduces the burden to taxpayers.

**Superintendent's recommendation(s):**

Approve: Yes ☒ No ☐
