

Sunray Elementary Board Report

Stacie Jones

9/2/14

Our first week of school was a success! Students came in eager and excited to meet their new teachers and catch up with their friends. Teachers are working hard to get their students back into the routines. Students are learning the procedures and adjusting to a new schedule.

We are going to be moving the computer lab out of the library and into a classroom so that students are able to enjoy coming to the library to select books they are interested in, as well as enjoy story time again. This will also provide students and teachers a place to work on their computer lessons with fewer interruptions. We are in the process of interviewing and hiring a library assistant.

Here are the current enrollment numbers for the elementary campus:

Pre-Kindergarten		27
Burkett	27	
Kindergarten		34
Tomlinson	16	
Thompson	18	
1 st Grade
