# Executive Summary

## Prepared for Board of Trustees Meeting September 27, 2022

### Career and Technical Education Annual Report

---

- Provide board members with knowledge of CTE programs across the district.
- Highlight legislative initiatives, growth, challenges, and Projects related to the CTE
- Provide required Perkins V Information

**Operational Impact** (Include facts and figures as to personnel needs, budget impact, facilities impact, and time frame, commitment(s) required from the District, etc. Report “bottom line” in this section.)

CTE enrollment is starting to see a plateau due to maximum class sizes and lab space. This year Weighted funding has changed to a Tiered system per class which will directly impact funding as we see senior level classes level off. Legislative impact for proposed accountability will also possibly decrease the certification numbers for CCMR.

**Results** (A brief summary of what the program or activity for which the report is written can be expected to accomplish. Discuss the advantages *and* disadvantages of the proposal. Include in the report (but not in this summary) any evaluative data which may help illustrate program status or progress.)

Information in this report describes the progress and accomplishments to creating a strong Career and Technical Education Program that will benefit all students in Denton ISD. CTE continues to offer 52 Programs of Studies that are tied to high demand occupations and student interest. For more information about current Denton ISD Programs of Study and courses please find all current information here. <https://www.dentonisd.org/Page/40288>

**Other Options** (List all other options that are available for the Board to consider.)
