

## **Transportation Report November 2023 Activities**

The ISD #709 Transportation department manages both a district owned fleet of vehicles and district employees, including bus drivers, monitors, and mechanics, along with the coordination of contracted transportation services through Voyageur Bus Company.

Our department continues to navigate daily changes in routing for general ed and Sped busing. We are working fully in the new software now and fixing issues with routes as we encounter them.

### Staffing (comments and concerns)

- Staffing has continued to be a challenge as we are still a short some helpers. We have one new driver licensed and driving, another has a test lined up for Dec. 7 and the other is a WI resident that needs to set up a time to test.
- Assistant manager Joe Killian has been dealing with staff and their concerns. He is still driving a morning route.
- The staff have been working hard to fill in when others are out but there's just not enough people yet to cover everything.

### Bus Maintenance

- Buses are still having issues due to age and rust, but we are getting them back into usable condition.
- We are waiting on 2 used buses to arrive at the dealer that we have selected to help fill the gap in working buses.

Our oldest bus is a model year 2010 and the next oldest are three 2011's. Current average mileage 89,057 and this is with our two new buses bringing it down a bit (goal is 50,000 – 60,000).
