### School Goals

Our school has two main goals, one to improve student and family relationships. Our staff is committed to knowing the students beyond the classroom and we will be increasing our communication between staff and parents. We also want to increase our freshman on track to graduate and decrease our dropout rate. We are doing this by providing more non-sports related activities and extra optional Friday School days.

### State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

Our school strives to ensure all students and parents feel welcome by having staff greet students and parents daily.
