Subject: On-site Compliance Monitoring
Strengthening Career and Technical Education for the 21st Century Act (Perkins V)

Dear Superintendent Hanson,

This letter is official notification that DEED intends to conduct a full on-site compliance monitoring for the Strengthening Career and Technical Education for the 21st Century Act (Perkins V) grant during the current academic year.

DEED/CTE would like to conduct the monitoring in the spring of the 2025-2026 academic year—ideally in April. Please have your CTE director contact us as soon as possible to coordinate dates. Site visits will be conducted at all schools utilizing Perkins funds. Attached, you will find the monitoring form, which cites the statutory requirement for each program item to be monitored, as well as listing examples of compliance and suggested documentation.

We will be in contact soon to discuss specific dates, the schedule, and other logistical details. We look forward to visiting your district, meeting with staff, and learning more about your CTE programs.

If you have any questions, please contact the district program manager, Bjørn Wolter at 907.465.6542 or bjorn.wolter@alaska.gov.

Sincerely,

Brad Billings

Brad Billings
State Director, Career and Technical Education
