Proposed 2011-2012 District Performance targets to Increase Student Achievement

Mr. David Meadows

Interim Superintendent David Meadows will present proposed 2011-2012 District Performance Targets to increase Student Achievement. In general, proposed performance targets will be divided into three primary areas:

- Increased performance on state and local assessments
- Improved student and staff attendance
- Enhanced use of technology and development of 21st century learning environment

The focus of the proposed performance targets for the August 23rd Board Meeting will be on Increased Performance on State and Local Assessments.
