INFORMATION

Information: The Beeville ISD campus handbooks have been revised. There are very few changes from last year. The only change in the code of conduct is to add to the list of possible disciplinary offenses, possession of ammunition. The board does not need to approve these, but they are available for review. To download and review these, go to <http://dci.beevilleisd.esc2.net/board.htm>. If you want a paper copy of these documents, please contact Nancy Jones.
