Attention: Arkansas State Board of Education,

My name is Dylan Campbell, Principal at Lakeside Junior High School (Garland). I am writing concerning a change I would like to make to the Lakeside Junior High Digital Learning Plan (Grades 7-8). I have outlined the change below.

Lakeside Junior High 7th grade students will receive virtual learning through Virtual Arkansas. The reason for this change is due to Florida Virtual not offering Arkansas History. It was considered to only put 7th-grade students in Virtual Arkansas for Arkansas history, but after a review of the Virtual Arkansas curriculum, it was clear the best option for our students was to have them in a single learning management system for all courses.

I would like to edit the plan to read as follows:

Lakeside Junior High 7th grade students will receive Virtual learning through Virtual Arkansas.
Lakeside Junior High 8th grade students will receive Virtual learning through Florida Virtual.

Kind Regards,

A handwritten signature in blue ink, appearing to read "Dylan Campbell", is written over a horizontal line.
