Re: FN (LOCAL)

FN (LOCAL) –

STUDENT RIGHTS AND RESPONSIBILITIES

TASB Update 82 recommended changes to two of the FN series of local policies in early 2008. The local policies in Update 82 were brought to the board for adoption on February 25, 2008. That night FN (Local), FNAA (Local) and GKDA (Local) were pulled in order gain greater clarification of each policy. On June 20, 2008, the FNAA (Local) and GKDA (Local) policies were brought back to the Board for approval (the changes dealt with distribution of nonschool literature). Both policies were approved that night. Unfortunately, we failed to bring policy FN (Local) back to the Board at the same time for approval.

RATIONALE FOR CHANGE

A provision reflecting the common practice of distributing student handbooks electronically on the district Web sites has been added to this local policy. Districts that choose electronic DISTRIBUTION must still provide a hard copy of the handbook if a student or parent requests one. (The campuses have been providing hard copies to any one who request one.)

It is recommended the Policy FN (LOCAL) be adopted to reflect this change.
