Dear Mr. Stringer:

Selecting a successful superintendent is one of the most important and difficult decisions a school board will undertake. As your Association, we would take pleasure in assisting you through the search process.

With more than 29 years of experience, Texas Association of School Boards (TASB) Executive Search Services (ESS) understands the needs and concerns of Texas school districts, and we have the network and expertise to meet those needs. Our search knowledge and breadth of resources are unrivaled. In addition, our online application process attracts more applicants and provides boards detailed applicant information.

As your search team, we work for you and make recommendations to you. More importantly, we are with you every step of the way, helping you find the most qualified leader for your district. Once the search is complete, our work continues as we assist you and the new superintendent in making the transition.

We would appreciate the opportunity to meet with the board to discuss our process and plan your search. To coordinate a meeting or for additional information, call 800.580.8272, extension 3690. Thank you for your consideration of ESS as your search consultant.

Sincerely,
