MEMORANDUM

**TO: Weber District Board of Education and
Superintendent Gina Butters**

FROM: Matt Williams

DATE: September 16, 2024

SUBJECT: 2025-2026 School Calendar

The WSD Calendar Committee met recently to consider several possible calendars for the school year of 2025-2026. School Administration, district administration, parents, PTSA, WEA, classified employees and teachers were included and allowed to give input at that meeting.

Additionally, two final calendar choices were sent to the schools and employee groups to allow them to obtain input on the local level.

Based on that input, the committee would like to recommend to the Board the attached 2025-2026 calendar option for consideration and approval on a first reading.

Professionally,

Matt Williams
Asst. Dir. of Secondary Education
