

## KAUFMAN ISD – TRANSPORTATION REPORT

August 2025

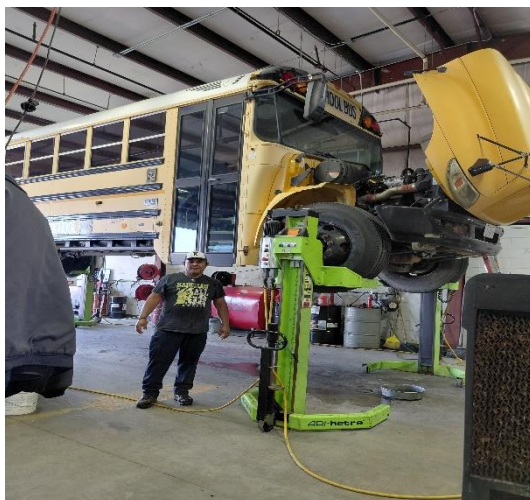

### Big strides in driver training!

Our incredible Driver Trainer Chris helped 4 new route drivers, a coach, and a band director complete their CDL training this summer.

### Behind the scenes prep!

Preventive maintenance is underway to make sure every bus is safe and ready for the first day of school.

## Rolling with Lion pride!

This year, each bus carries a new decal to celebrate the strength and spirit of our Lion community

## **Tech upgrade, improved safety & smart savings!**

We replaced every tablet and mount in our fleet—only paying for the mounts—and even lowered our data plan costs. The new mounts provide a better placement area, keeping tablets out of the driver's line of sight for improved safety.
