| Special Education: 1  | M&O (Facilities/Custodial/Kitchen): 3 (1 Custodian, 2 Kitchen) |
| Para Professionals: 5 | Interventionist: 1   |

**Highlights:**

Our SAC team is complete without any vacancies.

Our Robotics team placed 1<sup>st</sup> in Best Design and 3<sup>rd</sup> overall. We are definitely proud of their hard work. We recently celebrated our first of many attendances and honor roll celebration. Students were given certificates and their parents were there to honor and celebrate with them. They played games, had pizza and refreshments donated by Kuukpik.

We also had a surplus sale to help our students with their senior trip. The seniors sold waffle cones with another donation from Kuukpik the ice cream (Raised over \$1600).

We had Marc Brown come to our school and provide guitar lessons to our students and he is following up on zoom to help our students get better at playing. Thanks to the coordination of IHLA representative Martha Itta.

**Social/Emotional: Positive School Climate**

We had our first fun Friday to celebrate students. Students selected the activity they wanted to go to and they rotated to those activities. PBIS (students who earned Trapper points were able to shop

at the Trapper store. We are steadily trying to get items that are for the older students. I had a meeting with the students because most of the items were for the younger students. (Activities) Scavenger hunts, sewing, gym, Inupiat dance, culinary

### **Strategic Plan Goals/Pedagogy Implementation:**

Continuing to build relationships within the community and our sponsor entities – we had our Holiday program and ConocoPhillips and Santos showed up. They brought presents, gift cards, and Santa Claus to take individual and family pictures. Kuukpik helped out again with the refreshments. Santos helps promote creativity, social and emotional with all the activities they provide such as duct tape, holiday bag and card contest) Little Dribblers – The school bus helps a lot with our attendance

#### **Strategic Plan Goal 1.0 Student Success**

Pedagogy Domain: Student & Social Emotional Well-Being; Culturally Responsive Instruction

##### **1.2 Attendance**

Attendance is going up:

- Aug 74.4%
- Sept-72.01% (whaling season)
- Oct-74.65%
- Nov 77.86%

##### **1.4 Inupiaq Language & Culture**

We are currently without our primary ILT due to medical reasons, our secondary ILT will move over to primary because we understand the importance and necessity of the foundation being made strong for the Inupiaq language to grow and prosper. We are continuing our student of the month celebration with gift card donations from Kuukpik, certificate and gifts from the school (Primary and Secondary).

#### **Strategic Plan Goal 2.0 Community Engagement**

Pedagogy Domain: Family & Community Collaboration

We are getting our Trapper swag ordered, we finished up with testing, reports will be going home along with student unofficial MAP scores with explanations of what the scores mean for their child.

At our next community meeting in January, we plan to discuss this and how their child's attendance impacts this tremendously. We can't see growth if students are not here.

We will work on the calendar for next school year and work on a facelift of our school by reaching out to the district and our slope sponsors to represent us better.

### **Upcoming Events:**

Basketball is on the way. I have been coaching the boy and girl teams until the coaches get back in town after the holiday break – One of the coaches is one of our SAC members and her husband Rosanne Lampe. We have the Holiday Feast coming up at the school, the City of Nuiqsut games will be happening during the holidays, and Santos will sponsor a basketball camp at our school.
