<p><b>GOAL 2: Develop well-rounded students in the areas of character, community &amp; academics.</b></p>	<p>We had 16 seniors earn their silver cords for graduation. These students completed 80+ hours of community service during their junior and senior year.</p> <p>We currently have 46 students signed up for our Community Service class for next year. Students enrolled in this class are assigned a staff member to be of assistance to during an hour of their day. In addition, these students need to do 15 hours (separate from silver cord program) and attend 2 community meetings.</p> <p>Class of 2018 Future Plans: We had 37 students respond to a survey in regards to their post-graduation plans.</p> <ul style="list-style-type: none"> <li>- 5 – Go to Work</li> <li>- 12 – Attend Tech School/Community College/2 year program</li> <li>- 19 – Attend a 4 year university</li> <li>- 1 – Enlist in the military</li> </ul>
<p><b>GOAL 3: Maximize the personal and professional potential of all staff.</b></p>	<p>All staff members completed their Individual Growth and Development plans for the past school year. One of the requirements was to write a reflection based off the goal. I enjoyed reading the reflections as our staff looked back at the school year and reflected on their goals and what went well and what they want to work on over the summer and next year to continue to improve.</p>
<p><b>GOAL 4: Promote and provide positive school and community culture that engages all stakeholders.</b></p>	<p>Thank you to John Linder and Dean Mierau for helping with handing out diplomas to our senior class. The ceremony went very well and I commend our seniors for their respect and behavior throughout the event. I wish them the best of luck as they start their new journey.</p>
