

## **CHILD NUTRITION REPORT**

**MAY 19, 2025 BOARD MEETING**

Rebecca West is serving as the Interim Food Service Director, after Amy Parham left. The new director, Eric Hudson, is scheduled to take over the role of Child Nutrition Director on May 19<sup>th</sup>.

We have started installing new food service equipment on the campuses. They have already installed the new equipment at Intermediate 5. East Elementary will be the next campus to get their equipment. The Jr High and High school will get theirs installed over the summer break, due to the amount of work and equipment that they are getting. We will also be getting a new serving line at the Jr High this summer, along with installing new countertops at the high school.
