FISCAL NOTE:	General Funds	

Background Information:

- TEA requires approval by the Board of Trustees of all budget amendments between functions.

Administrative Considerations:

- The May budget amendments reflect adjustments to the adopted 2025-26 budget for items that were unknown at the time the budget was prepared.
- Included in the May budget amendments is a request for \$2,139,000 from the general fund balance for replacement of the Natatorium Dectron pool dehumidification unit (\$1,632,000) and of the pool filters (\$507,000).
- The remaining general fund budget amendments propose to move existing funds between budgetary functions. Notable among these budget amendments is an amendment to realign the functional budget in accordance with the TEA’s end-of-year reporting requirements. The TEA requires that no functional budget in the general fund may be exceeded at year end. This budget amendment is an estimation of the ending position of each function, and a reallocation of funds between functions to ensure no function will be exceeded. There will be another estimate completed in June which may result in an amendment on the June agenda.

Communication Deployment:

- Board Meeting Minutes

The administration recommends that the Board of Trustees approve the budget amendments as presented.
