

SCHOOL BOARD MEETING REPORT

Board Meeting Date: May 17, 2023 Agenda #

Staff/Administrator: Trinity Shodin Superintendent: Valenzuela

Type of Item: Informational Action

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

The 2023-2024 Hidden Valley FFA Chapter officer team leadership retreat is scheduled for June 12-14 in Crescent City, CA. We will travel using a district van and stay in a rental house as a group. This three day trip gets the students out of their daily environment to allow them to reach their fullest potential going into the next school year.

Provide history/background information on your proposal.

The Hidden Valley FFA chapter elects a new officer team each Spring to lead our members for the next school year. At the start of the Summer, the team goes on a leadership retreat that allows the team to learn quality leadership skills, plan the calendar for the year, and grow as a team.

List the advantages of your proposal:

The students will have the opportunity to prepare for the next school year as a group, gain various leadership skills, and participate in a variety of team building activities to set them up for success for the next school year.

List possible disadvantages of your proposal:

3 days out of the summer will be used for this retreat. We will need to spend some money from our club account, but the chapter did very well with fundraising this last year so this trip fits into the budget very well.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

Not go on a leadership retreat

Superintendent's recommendation(s):

Approve: Yes No
