Community Spotlight

Each year the Texas Association of School Boards (TASB) honors businesses and organizations for their support and exceptional advocacy of local schools. This state-wide honor, as part of “Stand Up for Texas Public Schools,” recognizes local businesses and community organizations that partner with districts, making a difference in the lives of local public school students.

Our partnership with Cook Children’s Hospital, a nationally recognized children's health center, has partnered with Denton ISD and families in Denton County for more than a decade. This year they are sponsoring Family Support Centers at Fred Moore and Braswell High Schools, offering services through the Denton ISD Counseling Dept.

In addition to even further strengthening the partnership with our families, Cook Children's is opening their newest state-of-the-art pediatric care center on U.S. 380 near Cheek Middle School. We appreciate their partnership and the efforts they display in support of our families and staff, and look forward to many events to come.

Courtney Barnard, Alisa Quimby and Lauren Purvis will be on hand to accept this award.

Denton ISD Student Resource Officers

Our district is fortunate to partner with six law enforcement agencies in our community to provide our students and staff direct access to officers during the course of a school day. The following men and women provide a link that not only boosts the safety of our school buildings but the community at large. Their presence and ability to build relationships help to prevent and assist many during challenging times.

Lt. David Mays is the Director of School Safety.

Board Spotlight

Serving students and connecting with our families drive everything thing we do. School nurses played a vital role in keeping our students and staff healthy and engaged in learning. Because of their unique skill set and compassionate manner, often our nurses are a critical link for families to services provided in our community. For their tireless dedication, we wish to share what leaders of several local organizations feel and believe about our healthcare professionals.

Nicole Goodman, RN is the Director of Health Services.
