

Review and Discuss Invitation to Bid for Replacement of Whitecaps Dorm Roof

An invitation to bid for the replacement of the Whitecaps dorm roof was sent to three vendors and was advertised in the local newspaper. One response was received. The bid is available for the Committee's review, if desired.

After review of the bid, staff recommends the contract be awarded to Liquatech, 1819 Milby, Houston, Texas 77003 in the amount of \$32,900. Factors in determining this recommendation are:

- Sole bid received
- Capability and capacity to perform the work, which includes financial resources to perform the work in the time projected
- Experience and past projects completed

The roof was damaged due to Hurricane Harvey and will be paid for through the College's Texas Windstorm Insurance Association (TWIA) insurance coverage, minus the deductible.

Following discussion, the Facilities Committee will determine a recommendation to the Board of Regents on the award of the contract.
