

# Associate of Science Transfer (AST)

## Sociology AST

### a. Program Description

The Sociology Major Transfer Map is designed for transfer students interested in studying Sociology. A Bachelor of Arts (BA) or Bachelor of Science (BS) degree in Sociology or Sociology/Anthropology are social science degrees that explore the scientific study of human interactions, social institutions, social problems, and social change in society. Sociology investigates various social influences, social interactions, and social outcomes attempting to accurately measure and potentially improve the functioning and health of our society. Sociology or Sociology/Anthropology students investigate social structure, group life, organizations, and societies and how people interact within these contexts. Students graduating with this degree gain new perspectives about social organization, social divisions, social inequality and intersectionality.
