2019 Property Tax Rates

in South San Antonio Independent School District

The following presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustment as required by state law. The rates are given per $100 of property value.

Last year's tax rate:

Last year's maintenance and operation tax rate	$1.040000/$100
