BOARD REPORT

TECHNOLOGY

February 2026

I am adding battery backups to our main switches through out the district. This allows our network to stay up for a period of time when there are power surges.

We are Learning more and more on how to use and utilize the 3D printers. They will be used for STEM and other classes.

I am working on updating classroom wireless access points as needed. These devices go out of date and do not receive updates after so many years.

I am adding additional security cameras where needed.

I am working on E-RATE form 471, which is a form to get reimbursed for internet and Wi-Fi devices.

We are installing a promethean board in the speech rooms at Bluffview

I installed some new chrome book carts in rooms that needed them.

I am going through all the classrooms to make sure everything is working properly and updating where we can.

Fixing all day-to-day problems as needed.

I welcome any questions or comments from you. I can be reached at school at x2142, on the cell at 618-301-0487, or by email at laldridge@dupo196.org
