Make Education a Priority**

**Whereas,** the current Texas public school finance system is negatively affecting an increasing number of public school districts; and

**Whereas,** past diligent legislative efforts to address the state's method of adequately and equitably funding Texas schools has fallen short of broad measured success; and

**Whereas,** the legislative year of 2011 bears the attributes of repeating the 2009 legislative session's lack of reliable funding improvements; it is therefore

**Resolved,** that a responsible community of educational leaders with a united awareness respectfully empower and support our respected legislative representatives to act; and be it

**Resolved,** that in light of our current Texas economic challenges and the complexity of financing public education; improvements in school funding be established with an attitude where education is found as the highest priority; and be it

**Resolved,** this attitude begins within the leadership of Texas school districts and together, we respectfully share one unified message to all involved: Make Education a Priority.

The Aubrey Independent School Board of Trustees respectfully acknowledges, applauds and joins the priority efforts to protect the pursuit of quality education for all children.
