

Napi Elementary School

March Board Report

In February, it was our turn to host our annual Building Board Meeting! This is one of our favorite events of the year as we recognize our great staff and awesome students and parents! It is also a time to for our staff to show how hard they work all year and how committed we are to educating all of our children!

We finished out WIDA testing with 93%. Shout out to Ms. Devine for all her hard work to get the testing done! A 100% was not achieved due to attendance for the few remaining students that needed to complete this assessment.

Our Family Math and Literacy Night was a success! With a Valentine theme staff, parents, and students enjoyed many math and literacy related activities. An Indian Taco Dinner was served to over 80 parents, students and staff who attended this fun evening. Thank you to the 4th Grade Team for organizing this activity!

In February, our Literacy and Math ICs' spent time with the coaches, observing their progress in the coaching cycle. Our focus in both areas is for teachers to learn strategies that can be used to support students in learning content.

We shared with the board members that our Math IC has made videos that support the strategies she has taught our staff and they are available for teachers to reference when she is not with us. Math tutors have really focused on using these strategies with the students they are working with. The strategies support the following math concepts: distributive property for multiplication, unit bar modeling, partial products, and place value multiplication.

Other activities at Napi Elementary:

February 1st-----I Love To Read Challenge started (Current winners: 4th Grade--Ms. Gilroy's class; 5th Grade---Ms. Switzer; and 6th Grade--Mr. Walker's class.
