

ISD #239

KINDERGARTEN ADMISSION POLICY

A child whose 5th birthday falls before September shall be admitted to the regular kindergarten program.

A child whose 5th birthday falls between September 1 and September 15 may be admitted to kindergarten early under the provisions described herein:

- a. The parents must make the initial request for early admission to kindergarten with the elementary principal. It is preferred that this is done by May 15.
- b. Arrangements shall then be made for an evaluation by personnel from the Rushford-Peterson School District. The evaluation shall determine the child's maturity, ability and general readiness for kindergarten. The evaluation data shall then be submitted to the elementary principal and superintendent, who in turn, will analyze all information and make the final decision on acceptance or rejection of the child for early admittance. Their decision shall be final.

This policy was reviewed by the R-P School Board on the following dates:
