September 13, 2017

Dear Board;

The Total Learning Center has two advisory periods in our daily schedule. The first advisory is from 8:15-8:45. The purpose is to educate students on the nine behaviors which are the focus of the Total Learning Center. Students discuss behaviors; have mini-lessons, role-play, and set daily goals during that time of the day. The other advisory time is 2:15-2:30 when students account for the goal they set for the day.

Sincerely,

Dyann Blood  
Principal, TLC
