

CCS Online LMS & Curriculum Review Update

Presented By: Abi Swenson
District Teaching and Learning Coordinator

Summary & Purpose

Purpose: to ensure fiscal and pedagogical responsibility

Why: consistency for students, support teachers, fiscal responsibility, and academic impact

Return on Investment

Bucket 1: Financial ROI

- Are we paying for resources that don't meet our needs?
- Are we overpaying for students with fluctuating enrollment?

Bucket 2: Operational ROI

- Does the content inside Buzz/Canvas give more control of grading and lesson planning?

Bucket 3: Academic ROI

- Is the current content plus teacher-created material moving the needle on test scores and graduation rates?
- Are teachers able to differentiate and making learning personalized?
- Active learning versus passive learning? (engaging with text versus watching videos)

Current Landscape

<u>Grade</u>	<u>Primary LMS</u>	<u>Content Source</u>
K-5	Buzz	Edgenuity
6-8	Canvas/Edgenuity	Edgenuity, Lincoln Learning, & Teacher-Created
9-12	Canvas/Edgenuity	Edgenuity & Teacher-Created

Semester 1: weekly meetings to discuss Flexpoint and Canvas

Semester 2: monthly meeting to discuss Flexpoint and Canvas

Principals, Teaching and Learning Coordinator, and select staff are meeting with other vendors for samples and demos to find resources that align with CCS mission, vision, and academic quality standards.
