TITLE: Approval of Lab Fees

DISCUSSION: The re-evaluation of lab fees was prompted by various factors. First, state law (SB 497) mandated Associate degrees to 60 SCH. Most of the health sciences programs were at 72 SCH. Reducing to 60 SCH required programs to discontinue some existing courses, add new courses in some instances, and reduce hours in other instances. The second factor contributing to the revision of lab fees is the steady increase of the cost of lab supplies.

The revision of curriculum to meet SB 497 compliance prompted a comprehensive review and evaluation of actual lab supply needs and costs for each course in our programs. The following proposed lab fee changes reflect the result of this process:

Course	Title	Fee	Effective Term
<u>Eliminated Fees:</u>			
FIRT 1342	Fire Officer I	----	Spring 2016
<u>Changed Fees:</u>			
FIRS 1301	Fire Science	\$24	Fall 2016
FIRS 1319	Fire Science	\$24	Fall 2016
FIRS 1433	Fire Science	\$24	Fall 2016
SRGT 1441	Surgical Procedures I	\$24	Fall 2016
SRGT 1442	Surgical Procedures II	\$24	Summer 2016
<u>New Fees:</u>			
DSAE 1340	Diagnostic Electrocardiography	\$24	Summer 2016
HPRS 1272	Microbiology for Health Profession	\$10	Spring 2016
NURA 1301	Nurse Aide for Health Care	\$24	Summer 2016
PLAB 1323	Phlebotomy	\$24	Summer 2016
SRGT 1271	Basic Skills for Surgical Technology	\$24	Summer 2016

DISTRICT PRESIDENT'S RECOMMENDATION: The District President recommends approval of the proposed lab fees as presented.

SUGGESTED MOTION: "Mr. Chairman, I make a motion that the Board of Trustees of Collin County Community College District approves the lab fees as presented."
