The image features a dark blue arrow pointing to the right, which serves as a background for the text. Below this, there is a horizontal orange bar with a white arrow pointing to the left. The background is a light blue gradient.

- 
- ❖ As a result of the learning disruptions caused by the COVID-19 pandemic, the number of students not meeting grade level increased from 2019 across all subject areas and grade levels, with English I and English II being the only exceptions.
  - ❖ As a subject area, mathematics reflects the largest decline in proficiency across all grade levels.
  - ❖ Districts with the highest percentage of in-person learners largely avoided any learning declines in reading.
