**Re:** High School Principal Report July, 2018

---

Homedale Board of Trustees,

Not a whole lot of information to share since the July report but we are excited about the upcoming school year and getting things rolling. Looking forward to introducing new teachers to the family and to the routine of mentoring young people!

## **Current Enrollment-**

As we expected we had some new faces show up at registration. We had strong attendance at registration with about 9-10 students per grade level that we are still looking to meet with. With current numbers in our system and with the new students we are looking to add we are looking at what we had predicted in hovering around that 380 student body number. We will no more definite numbers the first week of school.
