

School Board Meeting:

December 12, 2022

Subject:

2023 Boiler Plant Replacement Project
at Tatanka Elementary STEM School

Presenter:

**John Heltunen, Director
Buildings and Grounds**

SUGGESTED SCHOOL BOARD ACTION:

Accept the low bid submitted by Boiler Services Incorporated for \$919,000 to complete the boiler replacement project at Tatanka Elementary.

DESCRIPTION:

Bids were opened on Thursday December 8th with four separate mechanical contractors submitting bids. Low bid was submitted by Boiler Services, Incorporated.

Enclosed is the letter of recommendation from Hallberg Engineering to accept the low bid, along with the bid tabulation showing the four separate bids that were submitted.

The scope of the project is to replace the existing steam boilers with hydronic boilers. Also included will be the replacement of circulation pumps, the domestic hot water heater and the back-up fuel delivery system.

If you have any questions about this project, please feel free to call me at 682-8773.
