**Facebook**

To meet the needs of our customers, Community Education has expanded our communication efforts to include Facebook. We feel that Facebook is an additional way to remind our customers of registration deadlines and keep them informed. Currently three of our programs are updating customers in all of the tradition ways and have added Facebook pages. Soon we will be adding Youth Athletics and School Age Care. You can find us at:

**FLAS Community Education  
Secondary Youth Activities**

**Forest Lake Early Childhood  
Family Education Programs**

## Electronic Convenience

**Online Registration** is available for most Community Education programs. Nearly 65% of our customers register online. Participants can view their schedules at anytime from anywhere. Visit [www.communityed4u.org](http://www.communityed4u.org) to see all of the great activities we offer for all ages. We also post our catalog as a PDF on our website.

**Reminders** – Participants receive email confirmations when they register online or include an email address when registering by mail. We also send emails to remind customers of upcoming classes and registration deadlines.

**Monthly enews** – Participants may choose to sign up to receive monthly email news. Currently we send enews to parents of children in our School Age Care program. These includes program updates and registration deadlines. We also send a general Community Education enews with upcoming events, reminders and class offerings. They are also posted on our website.

**Browse all opportunities at the Community Education website:**
