

LONG PRAIRIE-GREY EAGLE PUBLIC SCHOOL

Meeting Notes

The attached documents provide the background material for Board members. We may need to provide some ground rules for public participation in this meeting.

Suggestions:

1. This is a work session and the Board has the discretion to make the decision on whether to have public comment or not.
2. If the Board decides to listen to public comment, we will abide by Policy 206 even though the Board has not officially adopted the policy.
3. Public comment will be limited to the specific topics on the work session.
4. Public comments will be limited to no more than 3 minutes per person and if multiple people are present to speak on the same topic, they will be requested to select a spokesperson and make one presentation.
