

**Huntsville Elementary School  
February 2025  
Monthly Board Report**

**CAMPUS NEWS**

**A Time 2 Read Program:**

A pilot program has been launched for first grade, with a focus on supporting our high-achieving students. This initiative ensures they receive enrichment during intervention time. Currently, we have twenty students participating in the program. The program currently has volunteers who have committed to longer hours on the same day, staying on campus to eat lunch with their second-grade students (if they have met behavior expectations) between their two A Time 2 Read sessions. Additionally, some volunteers are now coming in more days each week. The Sam Houston volleyball team has also contributed many athletes, all of whom have committed to being here and completed the necessary training.

**New Special Education Hires:**

I hired two Special Education teachers who began in January. Their addition has already proven to be beneficial for our students.

**Drama Readings:**

The fourth-grade students performed drama readings for K-2nd grade classes.

**Student Council Assistance:**

The Student Council now assists younger students each morning. This is a new initiative for our campus this year, as we have not had a Student Council for the past two years (and possibly longer).

**HES Enrollment Total: 677**

**HES Discipline Referrals for the Year: 41**

**Attendance Percentage for January: 90.59%**

**UPCOMING EVENTS**
