Re: Rezoning for Elementary Campuses

After reviewing the data provided by Zonda Demographics, it is proposed that CISD make the following elementary school zoning adjustments starting with the 2024-25 school year.

- 1) Rezone The Grant Apartments, formerly known as the Casa Valley Apartments, to Valley Ranch ES – currently this complex is zoned to Canyon Ranch ES. The complex is located within 100 yards of VRE. CISD has granted approximately half of the 68 elementary students in this complex a transfer request to VRE during the 2023-24 school year. No transportation will be needed for these families.
- 2) Rezone all apartment complexes north and east of the intersection of Wharf and Olympus to Cottonwood Creek ES. This area will include, but is not limited to, the following complexes: Hasting End, The Wharf, Olympus, Becker Street Rombauer, Sound, and August apartment complexes. CISD currently has approximately 67 students within these existing apartment complexes. CISD will provide transportation to these families.
- 3) Rezone The Flats complex and any future complexes North or East of Olympus Drive to Cottonwood Creek ES. CISD currently serves 1 student in The Flats complex and we will provide transportation for this complex.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve the elementary school rezoning adjustments as presented by administration starting in the 2024-25 school year.
