# Additional Information

- Region 20 Transportation Director – Randy Casteel
- Buses can be used for any school needs as long as:
  1. Bus passes inspection
  2. Bus has all current safety equipment:  
lights, stop signs, etc.
- There is no law about not using a school bus after a certain amount of time whether it is being used on a route or as an activity bus.
- “There are some pretty old buses out there; some as old as 50 years”.
